

# Can you sing. . . Buddy's song?

When your  and Dad pick you up after   
When you climb in the  there's just one rule  
Hey there buddy, have you buckled up yet?  
This  's not moving forward till I  that click

When I  that click  
When I  that click, click, click, click, click  
Your mommy and your daddy and your little baby brother  
They all wanna  that click

Don't you wanna be safe, don't you wanna be cool?  
When you hop in the  just remember the rule  
It's not hard; it's not a magic trick  
The sweetest sound in the  is when you  that click

When you  that click  
When you  that click, click, click, click, click  
Your mommy and your daddy and your little baby brother  
They all wanna  that click

When you  that click  
When you  that click, click, click, click, click  
Your mommy and your daddy and your grandma and your grandpa,  
All your aunts and all your uncles and  and your   
And your little   
They all wanna  that click
